

## BuzzFlash Premiums

[ALL PREMIUMS](#)**"Secrets: A Memoir of Vietnam and the Pentagon Papers"**

by Daniel Ellsberg

**Min. Donation: \$40.00**

(Free Shipping. Retail is \$29.95; the difference supports BuzzFlash.)

**BuzzFlash Recommendation**

In the age of a shadow government created by an unelected president, BuzzFlash laments that we have no one of the stature of Daniel Ellsberg to expose the dark underside of the Bush cartel secrecy. Against all odds -- just over 30 years ago -- Ellsberg leaked the "Pentagon Papers" to expose an orchestrated campaign to mislead the American people about Vietnam. His act of courage was the single most important expose that helped end a war that took the lives of thousands of Americans, in pursuit of a mission that the Pentagon knew from the beginning was probably doomed.

**More about "[Secrets](#)"** | [back to top](#)

Ellsberg's transformation from cold warrior and Defense Department analyst to impassioned antiwar crusader who released the Pentagon Papers to the *New York Times* in June 1971 makes a remarkable and riveting story that still shocks 30 years later. Avoiding, for the most part, self-justification and self-aggrandizement, he clearly relates the experiences that led him to reject as arrogant lies the premises six presidents presented to the public and Congress to secure support for the Vietnam War. He describes the disjunction between what he saw during visits to Vietnam in the early and mid-'60s, driving through dangerous Viet Cong-held territory, and what was told to the press and public. And he recalls his first reading of the classified documents later known as the Pentagon Papers, which exposed the motives, in his view unprincipled, behind American involvement in Vietnam. Ellsberg creates page-turning human drama and suspense in both his descriptions of his early experience accompanying U.S. combat missions in Vietnam and his days spent underground evading an FBI manhunt after the Times's publication of the Papers. Another strength of this memoir is Ellsberg's vivid recollections of meetings with prominent policymakers, from Henry Kissinger to Senator William Fulbright, that re-create the deep tensions of the Vietnam era. Ellsberg raises serious ethical questions about how citizens, politicians, the press and officials act when confronted with government actions they consider immoral and perhaps illegal. Ellsberg's own answer is history. -- *Publisher's Weekly*

**Recommendations** | [back to top](#)

"It is a chilling tale of life at the bureaucratic top, and what profound compromises it takes to stay there." -- Seymour Hersh

"[Ellsberg's] story reminds us that to fulfill the responsibilities of citizenship is to always ask questions and demand the truth." -- Senator John Kerry

"This is an honestly and lucidly told narrative by someone who single-handedly changed the course of history." -- Daniel Schorr, Senior news analyst, National Public Radio

"If our nation could absorb its lessons we might all face a better future." -- Howard Zinn, author of *A People's History of the United States*

"...timeless..." -- A. J. Langguth, author of *Our Vietnams*

"The most important expose of Washington since the Pentagon Papers themselves, *Secrets* is essential reading for any American..." -- Martin Sheen

"...written with breathtaking excitement..." -- Ben Bagdikian, former assistant managing editor, *Washington Post*

**About the Author** | [back to top](#)

Daniel Ellsberg, a Harvard graduate, ex-Marine, and Rand Corporation analyst, was one of the "whiz kids" recruited to serve in the Pentagon during the Johnson administration. In 1971, Ellsberg made headlines around the world when he released the Pentagon Papers. He is now a prominent speaker, writer, and activist.
